

Dos & Don'ts

What you may and may not say (or write)!

Basic issues:

- 1) Only the TimeWaver Frequency system is a medical device in Europe and also in some other countries such as the USA, Taiwan, Australia and Singapore. In these countries, this product may also be promoted for the treatment of certain indications. These areas are listed below.
- 2) TimeWaver products must not be promoted beyond the limits stated in the notices and disclaimers. Particularly critical are health-related statements such as "medicine of the future".
- 3) The notices and disclaimers provided by TimeWaver should be clearly visible in all public presentations (print, video, web). In case of changes, we will notify you as soon as possible. The notices and disclaimers are listed at the very bottom of the PDF for copying. You can also find them on the website.
- 4) No medical statements may be made about the wellness applications of TimeWaver products:
 - Instead of "treating health problems", "treating diseases" etc. > "harmonizing dysbalances"
 - Instead of "therapy" or "treatment" > "application"
 - Instead of "healing diseases" or "treating symptoms" etc. > "harmonizing" ("harmonizing in the Information Field" or "harmonizing the Bioenergetic Field")
 - all body parts and organs, such as kidney, should be named with the word combination "kidney harmony" OR "harmonization of the Bioenergetic Field/Information Field of the kidney"
- 5) In general, no concrete promises or claims should be made. Phrases such as "TimeWaver does / can ..." etc. represent promises or claims. Therefore, please note the following:
 - Instead of "TimeWaver can / does / with TimeWaver you will..." etc. > "We try / want to use TimeWaver to... / TimeWaver aims to... / TimeWaver is applied with the intention to... / TimeWaver is designed to support you in... / TimeWaver was developed for... (here please take appropriate content from the website)"
- 6) Instead of "Information Field Medicine", etc. > Information Field technology
- 7) Please do not publish price lists or any of our PDFs on the internet, in particular the old brochures in PDF format. If you need TimeWaver promotional materials, please contact us directly. We will provide you with media that is suitable for publication.

Indications of TimeWaver medical devices that may be cited:

Don'ts

DON'T exaggerate the benefits of the TimeWaver Frequency system beyond the specific benefits of the FDA 510(k) clearance.

DON'T describe the TimeWaver Frequency system as FDA **"approved"** (which is a very different classification)

Dos

DO rely on the principal benefits of the 510(k) for the treatment of pain, since 50 million Americans suffer chronic pain, and most mature Americans suffer pain regularly.

DO describe the TimeWaver Frequency system as FDA **"cleared"**:

The TimeWaver Frequency system is a microcurrent medical device that has been cleared by the U.S. Food and Drug Administration only for symptomatic relief and management of

- chronic intractable pain,
- adjunctive treatment for post-surgical and post-trauma acute pain,
- relaxation of muscle spasms,
- retardation or prevention of disuse atrophy,
- increasing local blood circulation,
- re-educating muscles,
- immediate post-surgical stimulation of calf muscles to prevent venous thrombosis,
- maintaining or increasing range of motion.

Some examples for: "Harmonizing the Bioenergetic Field", "Harmonization", "Bioenergetic Field"

Don'ts

Information Field **stimulation**

stimulate (e.g.: for stimulation of relevant energy points; of the Information Field etc.)

In our example, we are analyzing the cells of the **immune system**, which show the highest degree of rigidity of all organs.

Energy for the cells

healthy in the proper sense

Reversing processes, preventing extracellular hyperacidity, influencing the entire body, restoring natural cell membrane tension etc.

The purpose of the TimeWaver system is to **reverse this process**.

In our experience, the decrease in cell membrane tension is a major cause of many **diseases**. The basic **treatment principle of TimeWaver Frequency is based on cellular improvement of cell membrane tension**.

Systemic **therapy** is a very effective **way to treat your patients in several ways**.

In this way, metabolism and cell division will be stimulated in order to strengthen ATP synthesis, the energy production within the cells and protein synthesis, the formation of the basic building blocks of the human body.

Dos

Information Field **harmonization**

harmonize the Bioenergetic Field (e.g.: to harmonize relevant energy points; the Information Field etc.)

In our example, we are analyzing the Information Field of the cells.

Harmonizing the Bioenergetic Field of the cells

in a harmonious and balanced state

Harmonizing the Bioenergetic Field

The purpose of the TimeWaver system is to **harmonize the Bioenergetic Field**.

In our experience, decreasing cell membrane tension is a major cause of many **dysbalances**. The purpose of TimeWaver Frequency is to **reharmonize the Bioenergetic Field**.

Systemic **application** can be used for the **harmonization of the Bioenergetic Field in various ways**.

This is meant to harmonize the Bioenergetic Field.
