TimeWaver Pro software

TimeWaver Pro software

The TimeWaver Pro software is the latest standard in all TimeWaver Holistic, BIZ and Coach product variants, offering a new user experience, extended functionality and even more effective access to the Information Field.

Four years of reprogramming were necessary to achieve this, due to the constantly increasing size and complexity of the databases as well as new insights in Information Field dynamics, reflected in the logic and architecture of the software.

All modules have been fully revised, both intuitive usability as well as standardized analysis logic have been implemented, both of them being individually adaptable.
